Incident Report:

Incident Classification: True Positive

Time of activity: 08/13/2026 07:10:37.310

List of Affected Entities: Hannah Harris(Human Resources), h.harris@thetrydaily.thm, win-3457, 10.20.2.17

Reason for Classifying as True Positive: At 08/13/2026 07:10:37.310, the user Hannah Harris(Human Resources), h.harris@thetrydaily.thm received a suspected phishing email from "urgents@amazon.biz", subject: "Your Amazon Package Couldn't Be Delivered – Action Required". The email contain a shortened URL and no attachment. The email showed a urgent tone to access link.

The URL is flagged as malicious by the TryDetectThis app. The URL redirects to destination IP 67.[.]199.[.]248.[.]11 port 80.

This alert is related to alert 8816 which indicated the user accessed/clicked the URL which was subsequently blocked by firewall.

Reason for Not Escalating the Alert: The malicious URL was access was blocked by the firewall. And available logs show no evidence for successful submission of any data, malware delivery or compromise.

Recommended Remediation Actions: No immediate action required as the URL access was blocked by the firewall. The user maybe inform regarding the attempt phishing attempt.

List of Attack Indicators: Urgent Tone, shortened URL, flagged suspicious by Threat Intelligence platform, email with malicious domain.

Escalation: Not escalated

Alert 8816

Access to Blacklisted External URL Blocked by Firewall

High

Firewall

Aug 13th 2026 at 07:13

Closed

Description:

This alert was triggered when a user attempted to access an external URL that is listed in the organization's blacklist or threat intelligence feeds. The firewall or proxy successfully blocked the outbound request, preventing the connection.

Note: The blacklist only covers known threats. It does not guarantee protection against new or unknown malicious domains.
